

# CRAFTY CACTUS

#RoadhouseInTheHouse

JUST FOR FUN!

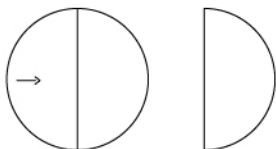

Show off your green thumb while staying indoors! Complete the craft below to create a small paper cactus. Color the circles below with markers or crayons. Then, complete steps 1-3 below. Finish up by displaying your cactus on a window sill!

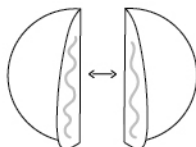

Decorate your cactus!  
Add stripes, dots, spikes, or  
more flowers!

1. Cut out all 4 circles and fold each on the gray center line.

2. Glue or tape each half circle to half of a different circle, until they are all joined into a ball.

3. Once you've glued all four circles together, cut out the flower shape and tape it on top of the blooming cactus!
